PROSPECTUS

Geared for Excellence

Welcome to **Vhembe TVET College**

Principal:
Ms. BR Hlekane

Deputy Principal:
Finance
Mr. KA Rabothatha

Deputy Principal:
Academic Support
Ms. M Boo

Deputy Principal:
Corporate Services
Mr. MS Ramulifho

Message by the **Chairperson of the College Council**

It gives me great pleasure to present to you Vhembe TVET College message. Our task as Council is to do oversight and monitor the activities to Council. Enjoy reading this message and let us build Vhembe TVET College together. Our commitment to work with Tribal Council and Vho – Thovhele is good news. The foundation for a better life has been laid for our students. In the spirit of new patriotism, we are rising to the heights. Vhembe TVET College is filling with hope about the bright future that beckons.

The College has seven campuses (namely Makwarela, Mavhoi, Mashamba, Tshisimani, Thengwe, Shingwedzi and Musina). The College offers NC (V), Report 191 Business Studies and Engineering Studies. The College established an Entrepreneurship and Incubation Centre at Makwarela Campus, which trains students to become entrepreneurs in Engineering. The College is working with SETAs such as SSETA, PSETA, MQA, Bank SETA, Construction SETA, and Energy SETA to deliver quality teaching and learning and skills programmes.

- To provide quality technical and vocational education and training services and increase academic achievement and success of students by providing adequate resources.
- To have adequate infrastructure and systems in place to increase access and provide effective services to students.
- To develop partnerships and maintain good stakeholder relations to increase the number of students who are adequately prepared to enter the labour market or further and higher learning opportunities.
- To ensure continuous business excellence in terms of good corporate governance and effectual management of all college resources as well as information and data reporting.
- To monitor and evaluate all college processes in terms of the TVET College Monitoring and Evaluation Framework and report quarterly on college performance in this regard.
- Our vision is to deliver quality assured and responsive programmes to our stakeholders.
- Together, we can do more to promote teaching and learning.
- Working together, we will build Vhembe TVET College to the highest level.

Lastly, Vhembe TVET College firmly believe that leadership diversity brings a wealth of experience that should not be underestimated. We are at the advanced stage in terms of financial management, for the past two years in succession, we got unqualified Audit opinion from the Audit General of South Africa. We also have a special focus on financial management in our institution Vhembe

TVET College.

Dr TI Ravhura

Chairperson of Vhembe TVET College

Message by the Principal

Homage celebrations are upon us

As a college, we will be observing a period of pride and gratitude of the journey we travelled as an institution over 6 Decades. Our journey started in 1963 as Sibasa Ambag Bantu Skool to Finyazwanda Trade Institute in 1985 to Technical College of Venda (Techniven) in 1991 and ultimately Vhembe FET College in 2003. We have been privileged to witness the remarkable revolution and evolution transformation of a foundation laid and built by various generations. Vhembe TVET College is amongst the largest TVET Colleges in South Africa.

We are honoured to have served the Vhembe District for sixty years. Let us as a collective utilise this opportunity to reflect on the journey travelled, its challenges and opportunities that we have explored. During this period, we need to also extend tributes to those that steered this Ship and kept it afloat. Furthermore, let us celebrate what we have achieved, there is a lot that we have to celebrate. We acknowledge the continued support from external stakeholders that we have enjoyed over the years. The support has bred strong partnerships that will continue to contribute towards the success of the college and the community at large.

In the midst of the celebrations, I wish to encourage our staff and student component to work hard and jointly produce competent industry leaders. Our vision is to continue to be an icon in Technical and Vocational Education and Training of quality assured and responsive skills-based programmes for lifelong learning. We pledge our continued commitment towards transformation, institutional sustainability and ensuring academic excellence. We aim to equip our students with leadership and service skills. We all have a role we can play in ensuring that Vhembe TVET College becomes a College of first choice to prospective students. We pride ourselves in creating an environment of disciplined freedom, refined culture, and boundless opportunities.

Higher education has a critical role it can play towards building South Africa's young democracy. Noble citizenship requires each of us to understand the issues our country is dealing with and our individual responsibilities toward our country. In this sense, education can help to transform society as a whole. We will achieve all our targets by observing our values of Excellence, Commitment, Trust, Respect, Accountability and Collaboration. We are **"Geared for Excellence"** at Vhembe TVET College.

Ms. BR Hlekane

Principal of Vhembe TVET College

Mission, Vision, and Values

Vision

To be a national icon in producing the best technically and vocationally skilled professionals.

Mission

To enhance the quality of teaching and learning by providing adequate resources.

Values

- ▶ **Leadership**
We value leadership in directing performance of others in the TVET sector and leading the way
- ▶ **Teamwork**
Our employees work as a team and value the contributions of each individual. We know that our people are our most important resource.
- ▶ **Integrity**
We value ethical, trustworthiness and moral courage in keeping promises and fulfilling explanation.
- ▶ **Respect**
We value an enabling, caring and cooperative work environment that promotes growth and open communication.
- ▶ **Accountability**
We are accountable for the resources entrusted to us and use them responsibly.
- ▶ **Commitment**
We commit to provide quality teaching and learning that will improve living standards.

About our College

Vhembe TVET College is one of the progressive TVET colleges with coherent systems and initiatives that effectively support teaching and learning. In our 60 years of existence the college has produced people of prominence in various fields of trade. Due to the vastness of the area, we have by far the most enrolled students in the college than our peers nationally. Through partnerships forged with strategic institutions like SETA's and many others like them, this has made us an institution of choice.

Vhembe TVET College was established in 1963 under the name Sibasa Ambag Bantu Skool and in 1968 it was renamed Finyazwanda Ambag Skool. In 1985 the school was again renamed Finyazwanda Trade Institute and later on Finyazwanda Technical College. Again in 1991, the College was renamed Technical College of Venda (Techniven) until 2003 when it was again changed to Vhembe FET College until 2014.

The College is now known as Vhembe TVET College and has seven campuses, namely: Makwarela, Mavhoi, Mashamba, Shingwedzi, Thengwe, Tshisimani and Musina. In addition to the seven campuses, the College recently opened Makhado Hospitality Centre which enhances the growth and expansion of access to students within Vhembe District Municipality.

We are situated in the Vhembe District Municipality, which is in the far north of the Limpopo Province, with our Central Office situated in Sibasa. The district is comprised of four municipalities, namely, Thulamela, Makhado, Lim 345 (Collins Chabane Municipality) and Musina, with the seat located in Thohoyandou. It covers 21, 000km² or 18% of the province.

The College prides itself with footprints it has with all local municipalities within Vhembe District. It is working with SETAs such as SSETA, PSETA, MQA, ETDP SETA, MerSETA, Services SETA and Bank SETA. The College has partnered with universities with the purpose of the articulation of students into higher education and also for resource sharing.

The economic activity in the area is characterized by small enterprises, e.g., agricultural activities, tourism and mining, car servicing, and welding; distributed among the rural settlement. Unemployment, poverty, and inequality are huge problems in this area. The unemployment rate is incredibly high, much more than the provincial average. There is shortage of infrastructure and big industries for the placement of students and lecturers.

Campus life

Campuses:

Vhembe TVET College has seven campuses, namely: Makwarela, Mavhoi, Mashamba, Shingwedzi, Thengwe, Tshisimani, Musina and Makhado Hospitality which is a satellite Centre. Each campus has its own identity but ensures the quality of teaching and learning is uniform across. Some campuses offer courses that are not found across the board, for example Primary Agriculture which can only be found at Mashamba Campus. Vhembe TVET College also offers distance learning, for more information contact 071 685 8441

Student Support Services:

Each campus has a Student Support Services representative whose main role or objective is to make campus life manageable for each student. They provide services such as assisting with registrations, career guidance and counselling (career and personal). SSS also manage sports, arts, and culture for their respective campuses, and they play a major role in ensuring that the College has a Student Representative Council that is fairly elected.

Programmes

Vhembe TVET College offers a variety of programmes under National Certificate Vocational (NCV) and NATED. We offer the following fields of studies: Engineering Studies, Business Studies, Occupational Programmes and Agricultural Courses. We also offer distance learning to cater for all youth and adults that can not be registered to attend daily.

Vhembe TVET College offers courses under Business Studies which allows students to focus on specialities such as Human Resource Management, Marketing, Accountancy, Finance and Hospitality Engineering Studies gives students understanding on how to solve the most impactful of our problems. Vhembe TVET College offers Engineering course that will assist students in constantly changing the world with innovations and solutions that affect everyone's life.

NATIONAL CERTIFICATE VOCATIONAL (NCV)

To enrol in the programme, prospective students should have the following:

- A year end school report for grade 9
- An NQF level 1 qualification, OR
- An approved bridging programme designed for the specific purpose to access NQF Level 2, OR
- A Recognition of Prior Learning (RPL) assessment to meet basic requirements for access to NQF Level 2

With both studies, the College offers 3-year courses with each level making up 1 year i.e., Level 2 one year, Level 3 one year and Level 4 one year.

NATED (REPORT 190 / 191)

For prospective students to be able to qualify for the different courses under our NATED programmes, there are specific admission requirements which vary per programme.

Engineering studies:

A student must have a Senior certificate with at least three instructional offerings which are applicable to the course chosen OR N3 Engineering studies or higher.

Duration for any Engineering course under this programme is eleven weeks or Trimester per N-Level. Examinations are written at the end of each trimester, in other words in April, August and November.

A National Diploma is issued subject to the following:

- A minimum of twelve subjects is taken with at least three subjects on N4 – N6 Level, but no more than five N4 subjects.
- At least two N6 subjects that must have bearing on the vocation of the candidate
- Eighteen months of appropriate experiential training.

Business studies:

A student must have a Senior certificate/N3 or Grade 12 for N4, N5 and N6.

Duration for course under this programme is a semester of six months per N-Level. Examinations are written at the end of each semester, in other words in May/June and November/December.

A National Diploma is issued subject to the following:

- A minimum of twelve subjects is taken with at least three subjects on N4, N5 and N6 Level, but no more than five N4 subjects.
- At least two N6 subjects that must have bearing on the vocation of the candidate
- Eighteen months of appropriate experiential training.

Application Process

Please note the following:

- No application fee is required
- If you are a returning student and you are struggling to login, please WhatsApp your full names, ID number and student number to **066 416 5053** and you will be sent your login details. Alternatively, you can also contact **Student Support Services** in your respective campuses

Online applications

- Step 1: Student types
www.vhembecollege.edu.za
- Step 2: Then click the quick link tab, there will be a drop-down arrow menu
- Step 3: Click Vhembe MyAccess
- Step 4: Click Apply online now

Student must have the following supporting documents:

- Certified copies of latest results
- Certified copy of parent/guardian identity document
- Certified copy of identity document
- Certified copy of proof of residence

Breakdown Of The Programmes

NATIONAL CERTIFICATE VOCATIONAL (NCV)

Engineering Studies

National Certificate: Information Technology & Computer Science - Offered at Makwarela and Mavhoi Campuses

Level 2 Vocational subjects:

- Introduction to Information Systems
- Introduction to Systems Development
- Electronics
- Contact Centre Operations

Level 3 Vocational subjects:

- Principles of Computer Programming
- Systems Analysis & Design
- Computer Hardware & Software
- Contact Centre Operations

Level 4 Vocational subjects:

- Computer Programming
- System Analysis & Design
- Data Communication & Networking
- Contact Centre Operations

Some of the career opportunities available include but are not limited to:

Computer Programming, Information Technology Management, Data Processing and Computer Systems Engineering

National Certificate: Electrical Infrastructure & Construction – Offered at Makwarela and Mavhoi campuses

Level 2 Vocational subjects:

- Electrical Principles & Practice
- Workshop Practice
- Electrical Control & Digital Electronics
- Electrical Systems & Construction or Physical Science

Level 3 Vocational subjects:

- Electrical Principles & Practice
- Electrical Workmanship
- Electrical Control & Digital Electronics
- Electrical Systems & Construction or Physical Science

Level 4 Vocational subjects:

- Electrical Principles & Practice
- Electrical Workmanship
- Electrical Control & Digital Electronics
- Electrical Systems & Construction or Physical Science

Some of the career opportunities available include but are not limited to:

Electrical Engineering, Industrial Engineering, Sound Technology, Theatre Technology, Process Level Control and Digital Electronics

National Certificate: Engineering & Related Design – Offered at Makwarela campus

Level 2 Vocational subjects:

- Engineering Fundamentals
- Engineering Technology
- Engineering Systems
- Physical Science or Fitting & Turning
- Automotive Repair & Maintenance or Engineering Fabrication or Welding

Level 3 Vocational subjects:

- Engineering Practice & Maintenance
- Materials Technology
- Engineering Graphics & Design
- Physical Science or Fitting & Turning
- Automotive Repair & Maintenance or Engineering Fabrication or Welding

Level 4 Vocational subjects:

- Engineering Process
- Professional Engineering Practice
- Applied Engineering Technology
- Engineering Physical Science or Fitting & Turning
- Automotive Repair & Maintenance or Engineering Fabrication or Welding

Some of the career opportunities available include but are not limited to:

Welding, Car Manufacturing, Mechanical Engineering, Automotive Repair, Tool Making, Mechanical Engineering and Panel Beating

National Certificate: Process Plant Operations - Offered at Makwarela Campus

Level 2 Vocational subjects:

- Process Technology
- Process Control
- Physical Science
- Pulp & Papermaking Technology of Process Chemistry

Level 3 Vocational subjects:

- Process Technology
- Process Control
- Physical Science
- Pulp & Papermaking Technology of Process Chemistry

Level 4 Vocational subjects:

- Engineering Process
- Professional Engineering Practice
- Applied Engineering Technology
- Pulp & Papermaking Technology of Process Chemistry

Some of the career opportunities available include but are not limited to:

Process Controller, Process Specialist, Supervisor Operator, Plant Operator and Packaging Plant Operator

National Certificate: Civil Engineering & Building Construction - Offered at Makwarela and Mavhoi Campuses

Level 2 Vocational subjects:

- Construction Planning
- Plant & Equipment
- Materials
- Plumbing
- Roads
- Physical Science or Carpentry & Roof Work or Concrete Structures or Masonry

Level 3 Vocational subjects:

- Construction Planning
- Plant & Equipment
- Materials
- Plumbing
- Roads
- Physical Science or Carpentry & Roof Work or Concrete Structures or Masonry

Level 4 Vocational subjects:

- Construction Planning
- Plant & Equipment
- Materials
- Plumbing
- Roads
- Physical Science or Carpentry & Roof Work or Concrete Structures or Masonry

Some of the career opportunities available include but are not limited to:

Architectural Technology, Drainage Inspection, Industrial Designing, Quantity Surveying, Town & Regional Planning, Road Construction Engineering, Sanitation & Reticulation and Building Construction

Business Studies

National Certificate: Management - Offered at Makwarela Campus

Level 2 Vocational subjects:

- Management Practice
- Operations Management
- Financial Management
- Entrepreneurship

Level 3 Vocational subjects:

- Management Practice
- Operations Management
- Financial Management
- Project Management

Level 4 Vocational subjects:

- Management Practice
- Operations Management
- Financial Management
- Project Management

Some of the career opportunities available include but are not limited to:

Human Resources Consultant, Administration Officer, Office Manager, Operation Management and Office Administration

National Certificate: Marketing - Offered at Makwarela Campus

Level 2 Vocational subjects:

- Marketing
- Advertising & Promotions
- Marketing Communication
- Consumer Behaviour or Call Centre Operations

Level 3 Vocational subjects:

- Marketing
- Advertising & Promotions
- Marketing Communication
- Consumer Behaviour or Call Centre Operations

Level 4 Vocational subjects:

- Marketing
- Advertising & Promotions
- Marketing Communication
- Consumer Behaviour or Call Centre Operations

Some of the career opportunities available include but are not limited to:

Marketing Consultant, Market Researcher, Brand Management, Promotions & Advertising, Public Relations, Sales Management and Customer Relations

National Certificate: Office Administration - Offered at Makwarela, Mashamba, Mavhoi, Thengwe & Tshisimani Campuses

Level 2 Vocational subjects:

- Business Practice
- Office Practice
- Office Data Processing
- Applied Accounting or New Venture Creation or Personal Assistance or 2nd Language

Level 3 Vocational subjects:

- Business Practice
- Office Practice
- Office Data Processing
- Applied Accounting or New Venture Creation or Personal Assistance or 2nd Language

Level 4 Vocational subjects:

- Business Practice
- Office Practice
- Office Data Processing
- Applied Accounting or New Venture Creation or Personal Assistance or 2nd Language

Some of the career opportunities available include but are not limited to:

Accounting & Bookkeeping, Office Administration, Personal Assistant, Private Secretary, Front-Line Reception, Personal & General Secretarial Services and Office Management

National Certificate: Finance, Economic & Accounting - Offered at Makwarela and Tshisimani Campuses

Level 2 Vocational subjects:

- Applied Accounting
- Economic Environment
- Financial Management
- New Venture Creation

Breakdown Of The Programmes CONTINUED

Level 3 Vocational subjects:

- Applied Accounting
- Economic Environment
- Financial Management
- New Venture Creation

Level 4 Vocational subjects:

- Applied Accounting
- Economic Environment
- Financial Management
- New Venture Creation

Some of the career opportunities available include but are not limited to:

Private & Public Accounting, Insurance Services, Banking, Investment Services, Financial Services and Bookkeeping

National Certificate: Primary Agriculture
- Offered at Mashamba Campus

Level 2 Vocational subjects:

- Soil Sciences
- Plant Production
- Animal Production
- Agri-business

Level 3 Vocational subjects:

- Soil Sciences
- Plant Production
- Animal Production
- Agri-business

Level 4 Vocational subjects:

- Farm Planning & Mechanization
- Advanced Plant Production

- Animal Production
- Agri-business

Some of the career opportunities available include but are not limited to:

Agriculture Science, Farm Management, Forestry, Botany, Horticulture, Food Technology, Food Science and Viticulture

National Certificate: Hospitality
- Offered at Makwarela Campus

Level 2 Vocational subjects:

- Hospitality Generics
- Food Preparations
- Client Service & Human Relations
- Hospitality Services

Level 3 Vocational subjects:

- Hospitality Generics
- Food Preparations
- Client Service & Human Relations
- Hospitality Services

Level 4 Vocational subjects:

- Hospitality Generics
- Food Preparations
- Client Service & Human Relations
- Hospitality Services

Some of the career opportunities available include but are not limited to:

Housekeeping, Food & Beverage Management, Hotel Management, Event Management, Accommodation Services and Chef

NATED (REPORT 190/191)

Engineering Studies

National Diploma: Electrical Engineering Heavy Current - Offered at Makwarela, Mavhoi, Musina and Tshisimani Campuses

N4 subjects:

- Electro-Technics
- Mathematics
- Industrial Electronics
- Fault Finding & Protective Device

N5 subjects:

- Electro-Technics
- Mathematics
- Industrial Electronics
- Fault Finding & Protective Device

N6 subjects:

- Electro-Technics
- Mathematics
- Industrial Electronics
- Fault Finding & Protective Device

Some of the career opportunities available include but are not limited to:

Electrical Engineer, Electrical & PLC Automation Engineer, Control & Instrumentation Engineer, Design Engineer, and Electronics Engineer

National Diploma: Electrical Engineering Light Current - Offered at Makwarela, Mavhoi, and Tshisimani Campuses

N4 subjects:

- Digital Electronics
- Communication Electronics
- Mathematics
- Industrial Electronics
- Industrial Instrument

N5 subjects:

- Digital Electronics
- Communication Electronics
- Mathematics
- Industrial Electronics
- Industrial Instrument

N6 subjects:

- Digital Electronics
- Communication Electronics
- Mathematics
- Industrial Electronics
- Industrial Instrument

Some of the career opportunities available include but are not limited to:

Telecommunications Technician, Radio & TV Technician, Electronic Engineer, and Industrial Electronic Supervision

National Diploma: Civil Engineering (Carpentry, Bricklaying and Plumbing) - Offered at Makwarela, Mavhoi, Musina, Shingwedzi and Tshisimani Campuses

N4 subjects:

- Quantity Survey
- Building & Structural Construction
- Building & Structural Surveying
- Building Administration

N5 subjects:

- Quantity Survey
- Building & Structural Construction
- Building & Structural Surveying
- Building Administration

Breakdown Of The Programmes CONTINUED

N6 subjects:

- Quantity Survey
- Building & Structural Construction
- Building & Structural Surveying
- Building Administration

Some of the career opportunities available include but are not limited to:

Architect, Civil Engineering Technician, Construction Manager, Environmental Engineer, Landscape Architect, Rough Framing Carpentry, Millwright, Cabinet Maker, Roofer, Bricklayer, Masonry

National Diploma: Mechanical Engineering
- Offered at Makwarela, Mavhoi, Musina, Shingwedzi and Tshisimani Campuses

N4 subjects:

- Mechano-Technics
- Engineering Science
- Mathematics
- Mechanical Drafting

N5 subjects:

- Mechano-Technics
- Power Machines
- Mathematics
- Mechanical Drawing & Design

Level 6 subjects:

- Mechano-Technics
- Power Machines
- Mathematics
- Mechanical Drawing & Design

Some of the career opportunities available include but are not limited to:

Architectural & Engineering Manager, Material Engineer, Mathematician & Statistician and Mechanical Engineering Technician

National Diploma: Chemical Engineering
- Offered at Makwarela, Mavhoi, Musina and Tshisimani Campuses

N4 subjects:

- Chemical Plant Operation
- Engineering Science
- Mathematics
- Chemistry

N5 subjects:

- Chemical Plant Operation
- Engineering Physics

- Mathematics
- Chemistry

N6 subjects:

- Chemical Plant Operation
- Chemical Technology
- Mathematics
- Engineering Physics

Some of the career opportunities available include but are not limited to:

Analytical Chemist, Energy Manager, Manufacturing Engineer and Materials Engineer

National Diploma: Motor Mechanics
- Offered at Makwarela, Mavhoi, Musina and Tshisimani Campuses

N4 subjects:

- Mechanical Draughting
- Mechano-Technics
- Plating & Structural Steel Drawing
- Engineering Science
- Mathematics

N5 subjects:

- Fluid Mechanics
- Mechano-Technics
- Strength of Material & Structure
- Mechanical Drawing & Design
- Mathematics
- Power Mechanics
- Engineering Physics

N6 subjects:

- Fluid Mechanics
- Mechano-Technics
- Strength of Material & Structure
- Mechanical Drawing & Design
- Mathematics
- Power Mechanics
- Engineering Physics

Some of the career opportunities available include but are not limited to:

Motor Mechanic, Mechanical Draughtsman, Mechano-Technics Diesel Technician and Plant Manager

National Diploma: Fitting & Turning - Offered at Makwarela, Mavhoi, Musina and Tshisimani Campuses

N4 subjects:

- Mechanical Draughting
- Mechano-Technics

- Engineering Science
- Mathematics

N5 subjects:

- Mechano-Technics
- Mechanical Drawing & Design
- Mathematics
- Strength of Material & Structure
- Power Mechanics

N6 subjects

- Mechano-Technics
- Mechanical Drawing & Design
- Mathematics
- Strength of Material & Structure
- Power Mechanics

Some of the career opportunities available include but are not limited to:

Fitter & Turner, Mechanical Fitter/Turner, Fitters Assistant and Fitter

National Diploma: Boiler Maker - Offered at Makwarela, Mavhoi, Musina and Tshisimani Campuses

N4 subjects:

- Plating Structural Steel Drawing
- Engineering Science
- Mechano-Technics
- Mathematics
- Mechanical Draughting

N5 subjects:

- Engineering Physics
- Mechano-Technics
- Mechanical Drawing & Design
- Mathematics
- Strength of Material & Structure
- Power Machines
- Fluid Mechanics

N6 subjects

- Engineering Physics
- Mechano-Technics
- Mechanical Drawing & Design
- Mathematics
- Strength of Material & Structure
- Power Machines
- Fluid Mechanics

Some of the career opportunities available include but are not limited to:

Artisan Boilermaker, Dragline Boilermaker, Maintenance Boilermaker and Boilermaker

Business Studies

National Diploma: Business Management - Offered at Makwarela, Shingwedzi and Tshisimani Campuses

N4 subjects:

- Intro Accounting
- Financial Accounting
- Management Communication
- Entrepreneurship & Business Management

N5 subjects:

- Entrepreneurship & Business Management
- Sales Management
- Select 1 subject: Computer Practice and Financial Accounting
- Public Relations

N6 subjects

- Entrepreneurship & Business Management
- Sales Management
- Select 1 subject: Computer Practice and Financial Accounting
- Public Relations

Some of the career opportunities available include but are not limited to:

Business Manager, Business Consultant, Production Consultant, Office Administration, Operations Manager and Warehouse Manager

National Diploma: Financial Management - Offered at Makwarela, Shingwedzi and Tshisimani Campuses

N4 subjects:

- Financial Accounting
- Computerised Financial Systems
- Management Communication
- Entrepreneurship & Business Management

N5 subjects:

- Financial Accounting
- Computerised Financial Systems
- Cost & Management
- Accounting
- Economics
- Entrepreneurship & Business Management

N6 subjects

- Financial Accounting
- Computerised Financial Systems
- Cost & Management
- Accounting
- Management Economics
- Entrepreneurship & Business Management

Some of the career opportunities available include but are not limited to:

Financial Services, Investment, Accountant, Bookkeeping and Banking

National Diploma: Human Resource Management - Offered at Tshisimani Campus

N4 subjects:

- Economics
- Entrepreneurship & Business Management
- Personnel Management
- Management Communication

N5 subjects:

- Economics
- Entrepreneurship & Business Management
- Personnel Management
- Personnel Training
- Economics
- Labour Relations

N6 subjects

- Economics
- Entrepreneurship & Business Management
- Public Relations or Personnel Training
- Labour Relations

Some of the career opportunities available include but are not limited to:

Human Resource Practitioner, Recruitment Officer, Payroll Clerk and Human Resource Consultant

National Diploma: Clothing Production - Offered at Makwarela and Thengwe Campuses

N4 subjects:

- Fashion Drawing
- Pattern Construction
- Clothing Construction
- Entrepreneurship & Business Management

N5 subjects:

- Fashion Drawing
- Pattern Construction
- Clothing Construction
- Entrepreneurship & Business Management

N6 subjects

- Fashion Drawing
- Pattern Construction
- Clothing Construction
- Computer Practice

Some of the career opportunities available include but are not limited to:

Fashion Design, Clothing & Textile Representative and Seamstress

National Diploma: Hospitality & Catering - Offered at Makwarela Campus

N4 subjects:

- Applied Management
- Catering Theory & Practical
- Entrepreneurship
- Food & Beverage

N5 subjects:

- Applied Management
- Catering Theory & Practical
- Entrepreneurship
- Food & Beverage

N6 subjects

- Applied Management
- Catering Theory & Practical
- Entrepreneurship
- Food & Beverage

Some of the career opportunities available include but are not limited to:

Chef, Sous Chef, Hotel Management, Entrepreneur, Fast Food and Restaurant Manager

National Diploma: Farming Management

- Offered at Mashamba and Thengwe Campuses

N4 subjects:

- Management: Farming
- Farming Technology and Mechanization
- Financial Management: Farming
- Computer Practice: Farming
- Plant and Animal Production

N5 subjects:

- Management: Farming
- Maintenance Management: Farming
- Financial Management: Farming
- Data Management: Farming

N6 subjects

- Management: Farming
- Human Resource Management: Farming
- Financial Management: Farming
- Data Management: Farming

Some of the career opportunities available include but are not limited to:

Farmer, Farming Consultant, Farm Manager and Agricultural Consultant

National Diploma: Marketing Management -

Offered at Makwarela and Tshisimani Campuses

N4 subjects:

- Marketing Management
- Economics
- Management Communication
- Entrepreneurship & Business Management

N5 subjects:

- Marketing Management
- Sales Management

- Public Relations
- Computer Practice

N6 subjects

- Marketing Management
- Sales Management
- Marketing Research
- Marketing Communication

Some of the career opportunities available include but are not limited to:

Account Coordinator or Public Relations Coordinator, Promotions Assistant, Product Development Manager, Advertising Manager and Product Manager

National Diploma: Public Management

- Offered at Makwarela, Shingwedzi and Tshisimani Campuses

N4 subjects:

- Public Administration
- Management Communication
- Entrepreneurship & Business Management
- Computer Practice

N5 subjects:

- Public Administration
- Public Relations
- Public Finance
- Municipal Administration

N6 subjects

- Public Administration
- Public Law
- Public Finance
- Municipal Administration

Some of the career opportunities available include but are not limited to:

Executive Personal Assistant, City Manager, Parks & Recreation Superintendent, Public Works Director, and General Operation

National Diploma: Management Assistant

- Offered at Makwarela, Shingwedzi and Tshisimani Campuses

N4 subjects:

- Office Practice
- Communication
- Information Processing
- Computer Practice

N5 subjects:

- Office Practice
- Communication
- Information Processing
- Computer Practice

N6 subjects

- Office Practice
- Communication
- Information Processing
- Computer Practice

Some of the career opportunities available include but are not limited to:

Personal Assistant, Executive Assistant, Administration Assistant, Assistant Store Manager, Sales Assistant and Assistant Accountant

National Diploma: Tourism Management – Offered at Musina Campus

N4 subjects:

- Travel Services
- Tourism Destination
- Communication
- Travel Office Practice

N5 subjects:

- Travel Services
- Tourism Destination
- Communication
- Travel Office Practice

N6 Subjects:

- Travel Services
- Tourism Destination
- Travel Office Practice
- Hotel reception

Some of the career opportunities available include but are not limited to:

Travel Agency Manager, Tourist Information Centre Manager, Tourism Marketing Manager, Hotel Manager, Air Cabin Crew and Travel Consultant
